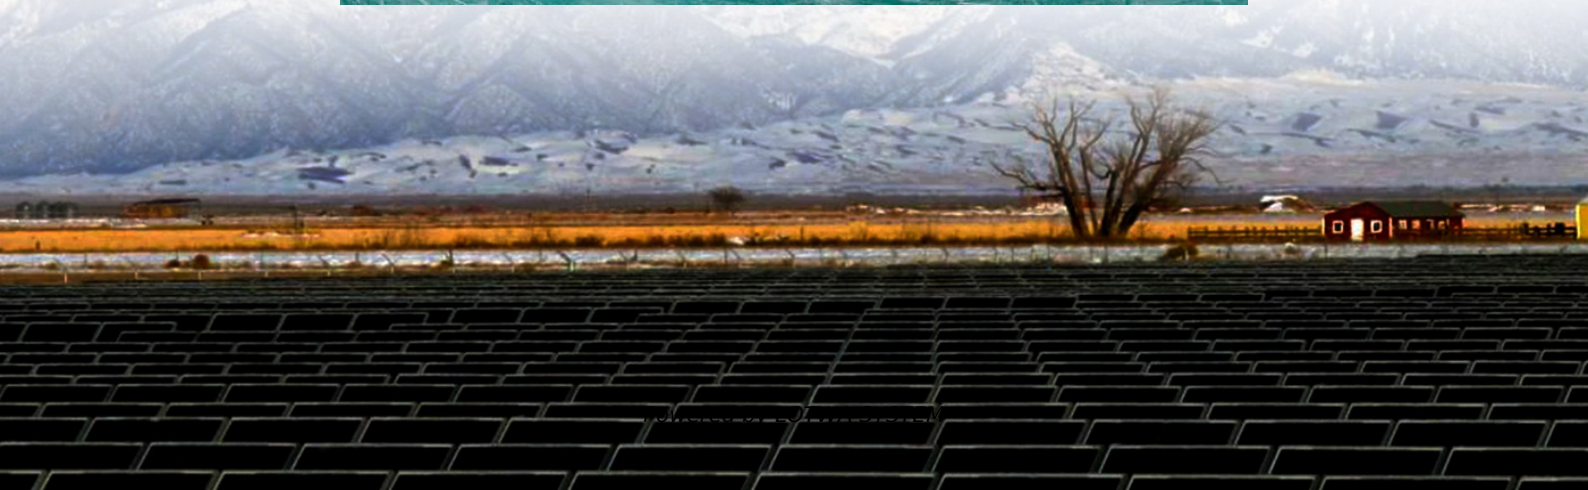
Price quote for a 50kW collapsible container for use on African islands



Overview

Why should you buy a container in South Africa?

Whether you need a mobile office, spaza shop, or secure storage, our containers are built to last, with wind- and water-tight designs. According to a 2024 industry report by IBISWorld, the South African container market is growing at 4.2% annually, driven by demand for modular solutions in construction and retail.

How big is the container market in South Africa?

According to a 2024 industry report by IBISWorld, the South African container market is growing at 4.2% annually, driven by demand for modular solutions in construction and retail. From mining sites in Limpopo to urban projects in Johannesburg, we deliver nationwide with crane trucks for efficient setup.

What is a 10 ft container?

This container type is designed to cater for the storage of different goods in the same container by having doors at both ends. A 10ft container is perfect the size because it’s a versatile, sturdy, and cost-effective solution for a small office set up. Perfect for onsite security access or small home offices.

What sizes of shipping containers are available at container King?

There are three different sizes, 3m, 6m and 12m shipping containers available for rental or purchase at Container King. If you already have a container, we can still do the conversion. A storage unit could be turned into an on-site office or even a shower, in no time.
