Overview

Is China a good place to invest in solar panels?

The solar panel industry in China is a rapidly evolving sector, influenced by various factors that potential investors and stakeholders should consider. Regulatory frameworks are crucial, as the Chinese government actively promotes renewable energy through subsidies and policies aimed at achieving carbon neutrality by 2060.

How many factories does OneSun have?

It currently has two factories engaged in the development and production of lithium batteries and inverters. It vertically integrates PV panels, solar inverters, Li-ion batteries and accessories to provide customers with a complete set of PV energy storage products. ONESUN regard quality & safety as our lifeline.
