Solar Glass Factory in Georgia

Overview

Where is solar glass manufactured?

The company spotted the opportunity in this segment quite early and commissioned the solar glass manufacturing facility at Bharuch in Indian State of Gujarat in January 2010. Over the last 5 years, the solar PV installations and module production across the world have grown exponentially.

When will solarcycle start manufacturing glass?

The plant, which will be the first of SOLARCYCLE's facilities to manufacture glass in addition to recycling solar panels, is scheduled to begin construction in 2024 and will be operational in 2026. SOLARCYCLE will create full-time jobs in manufacturing, engineering, management, research and design, and support staff.

Will a new solar glass plant in North Georgia create a strong supply chain?

"SOLARCYCLE's announcement of hundreds of jobs coming to a new, cutting-edge solar glass plant in North Georgia further cements the Peach State as a national leader in domestic solar manufacturing, and they will play a pivotal role in creating a robust supply chain for the United States emerging solar footprint.

How many jobs will solarcycle® create in Polk County?
