ŁOTWA SYSTEM

Wholesale bess storage system in Melbourne

Overview

What is a Bess energy storage system?

It is designed to provide backup power, intelligent energy storage management and integration with a wide variety of inputs and outputs. Available in either a 10ft, 20ft or 40ft ISO CSC container, the BESS is designed to be cost-effective, safe, easy to transport, scalable and integrated to the specific energy requirements of our clients.

Why should you choose Bess Australia?

See our terms of use and privacy notice. BESS Australia provides reliable energy storage solutions designed for efficiency and sustainability. We specialize in cutting-edge battery storage systems that enhance energy reliability and reduce environmental impact. Power your future with advanced technology and expert solutions tailored to your needs.

What is shell energy's Bess solution?

With Shell Energy’s BESS solution, you are boosting your business’ bottom line while helping provide grid stability in Australia’s energy transition, one battery at a time. The best part of Shell Energy’s BESS Solution is that we really do it all.

Why should you install a Bess?

By installing a BESS, you can also unlock further opportunities for energy efficiency through a Smart Energy Hub. Shell Energy and The GPT Group partnered on a BESS at Chirnside Park Shopping Centre.
