

5V 12W Solar

Overview

What is a 12V 10W solar panel?

An ideal panel for steady battery charging and maintenance or your small off grid lighting project. This high quality 12v 10w Solar Panel works in both sunny and overcast conditions and is fully weatherproof. Comes supplied with 2 meters of cable, a blocking diode to prevent reverse charging and crocodile clips for easy battery connection.

Which solar charger is best for camping & hiking?

Discover our flexible 12W solar panel, the best solar charger choice for camping and hiking. Weighing only 268g, it is the lightest portable solar charger of its power category. Ideal to charge your phone, iPhone and power bank when you're on the go.

Is fusion flex 12 a good solar panel?

The Fusion Flex 12 solar panel does not fear shocks, scratches, dust, sand water or being bent, so it can follow you on all your adventures! This portable solar panel was designed with experts and enthusiasts to provide the best functionalities without compromising on other important features.

How much does a fusion flex 12 solar charger weigh?

Weighing a mere 270 grams and folding down to a small A4 format, the Fusion Flex 12 solar charger is perfect for campers, hikers and cyclists who want high power but who need to keep the weight they carry to a minimum. The flexible panels are only 1mm thick, meaning they can easily be slipped into a travel backpack, taking barely any space.
