

Abuja New Energy Skytrain Station

Overview

Will Lagos - Abuja super highway slash the speed train?

The Lagos - Abuja Super Highway is projected to slash it to 5 hours or less while the Speed train (bullet) will slash the riding time to between 2.5hrs and 3hrs. And working at full capacity, bullet speed train transports between 850,000 to 1,000,000 people per day. The bottom line is: the project has set off new economic hubs.

What is Lagos-Abuja super highway & high-speed train?

It is the Federal Government twin - project, the Lagos-Abuja Super Highway and High-Speed Train initiative. Idris expressed the strong confidence in the initiatives and their capacity to transform Nigeria's economy.

How will Nigeria's Super Highway impact Africa?

The Super Highway will cut travel time to 5 hours between Nigeria's two key cities - Lagos and Abuja. Beyond transportation, there are plans for ten smart cities, one million housing units and an independent power plant along the project' corridor, thus, positioning it as a transformative initiative for Africa.

Will PPP drive Lagos-Abuja High-Speed Railway & Super Highway?

He is banking on the Public-Private Partnership (PPP) model to drive the Lagos-Abuja High-Speed Railway and Super Highway as a key economic game changer to be led by the AEC-Geofocus consortium.
