

Angola community uses 40-foot folding shipping container

Overview

How popular is a foldable container?

As previously noted, the foldable container is now used at more than 60 depots and ports and on 15 shipping lines and growing in popularity all the time. “The shipping industry is typically very conservative,” said Broekhuis.

What is a 4fold foldable container?

So it is that the 4FOLD foldable container from Holland Container Innovations (HCI) is providing a novel solution that not only reduces CO2 but offers a number of additional benefits — more efficient to ship empties back (by a ratio of four to one!), space saving, and faster handling at the terminal.

What is a 5-in-1 40' high cube shipping container?

The world’s first 5-in-1 40’ high cube shipping container that will revolutionize the intermodal shipping industry by providing significant cost benefits, improving empty container repositioning efficiencies, and lowering harmful CO2 emissions.

What is a foldable container?

It is, therefore, suitable for use by shipping lines and terminals. Foldable containers save up to 75% space and costs (50-60%). One standard container takes up as much space as four foldable ones. In addition, they are more environmentally friendly. The transport of foldable containers generates 37% less carbon dioxide.
