

# **Are there any 5G base stations near Nepal**

## Overview

---

Is 5G being tested in Nepal?

Nepal Telecom has begun testing the 5G service on the occasion of its 19th anniversary.

How many 5G operators are there in Nepal?

By February 2022, there were 427 operators in 137 countries/regions with 5G (GSA). People here have also started to demand 5G service here in Nepal. With the initiation of such demand, we are going to discuss everything about 5G network in Nepal now after Ntc, one of the operators has already started the trial.

Is there 4G availability in Nepal?

As of January 1, 2017, Nepal Telecom offers 4G service in the 1800 MHz band. Ncell also launched 4G in select areas on June 1, 2017. Both Nepal Telecom and Ncell have been expanding their 4G LTE mobile network throughout the country.

Which phones have 5G support in Nepal?

Xiaomi launched Mi 10: the first 5G smartphone in Nepal and then all of the latest flagship series including Xiaomi 11, and 12 have 5G support. Similarly, other flagship phone makers such as Apple, Samsung, and Oneplus also have 5G Support. This should help the telcos to test 5G on this device when they will bring their phones to Nepal.
