What is battery energy storage systems (Bess)?

Battery Energy Storage Systems (BESS) and related solutions are critical for Asian countries to reach stated renewable energy targets. Many governments have already identified this need and are implementing or planning programmes to create favourable market entry conditions for foreign businesses.

Are Bess opportunities available in Asia?

For foreign investors, BESS opportunities are widely available in Asia. However, it is necessary to understand where each market stands and what types of tools, technologies, and services they require. Having a partner such as Asian Insiders can provide you with a detailed understanding of where your firm best fits into the equation.

Which countries are launching Bess solutions in Southeast Asia?

China is the most significant BESS player with Japan, India, and South Korea also making promising inroads. Several countries in Southeast Asia are increasingly exploring BESS solutions as the technology costs have fallen. Here are a few market situations worth monitoring.
