

# **Bahamas Energy Storage Project**

## Overview

---

Who is eco energy Bahamas?

I Harbour: Eco Energy Bahamas Ltd. The project is a grid-tied solar photovoltaic (PV) system and a battery energy storage system located near Coral Harbour and is designed to provide renewable energy, enhancing grid stability and sustain.

What is securing the Bahamas' energy future?

nd focus, discipline, and courage. This document, *Securing The Bahamas' Energy Future*, is a record of that choice—and a roadmap of the journey we are taking together. It lays out clearly where we started, the obstacles we inherited, and the urgent interventions we made.

What will Bahama's energy system look like in the future?

early defined rules of engagement. Looking ahead, Bahamians can expect their energy system to become more than just functional. It will be a driver of prosperity. As the reforms continue to unfold, citizens will experience more equitable access to services, better value for money, and a greater degree of self-determination over their country.

How has the Davis administration reformed the energy system in the Bahamas?

Energy Reform APRIL 2025 Summary The Davis Administration has embarked on the most ambitious and far-reaching reform of the energy sector in the history of The Bahamas. This reform is guided by the understanding that energy is central to national development and that the longstanding failures in the electricity system
