

Bangkok Smart Photovoltaic Energy Storage Container 50kW Government Procurement

Overview

Are there grid-scale energy storage projects in Thailand?

There are currently few grid-scale energy storage projects in Thailand, although the situation is likely to change. In furtherance of its commitments under the Paris Agreement, the Thai government has enacted policies which envisage renewable energy accounting for the majority of grid capacity and output by 2040.

Is energy storage a new business model in Thailand?

Energy storage is in its infancy in Thailand, and new business models are already emerging. As the regulatory framework adapts to accommodate new players in the market, we expect to see greater penetration in this area. Notes Energy Policy and Planning Office, Ministry of Energy, electricity statistics.

When is ASEAN solar PV & energy storage Expo 2025?

We are delighted to announce that the much-awaited ASEAN (Bangkok) Solar PV & Energy Storage Expo 2025 is scheduled to take place on March 5-7 in Thailand. This premier event is dedicated to showcasing the latest advancements in solar photovoltaic technology and energy storage solutions from across the ASEAN region and beyond.

What's going on with rooftop solar in Thailand?

Rooftop solar is also expanding fast, with the quota for public installations rising from 50 MW to 200 MW, plus an additional 50 MW dedicated to Bangkok. These changes reflect not just ambition, but momentum. Read Also: [The Promise of Thailand Renewable Energy Initiatives](#)
