

# Battery Energy Storage Bonus

## Overview

---

What's new in battery electric storage system (BESS)?

Battery Electric Storage System (BESS): The updated table updates cost percentages, makes certain adjustments to the characterizations of applicable project components and manufactured product components, and offers clarifying definitions. Another notable change came in the Rooftop Solar Safe Harbor tables.

Do solar & storage projects qualify for the domestic content bonus credit?

Additionally, solar + storage projects must now qualify for the domestic content bonus credit separately for each technology (solar and storage) based on the final rules for technology-neutral clean energy credits.

What is the purpose of the solar content bonus?

Mike Carr, Executive Director of the Solar Energy Manufacturers for America (SEMA) Coalition, released the below statement following the announcement: “The purpose of the domestic content bonus is to build a U.S.-based solar supply chain, and the latest guidance, although a positive step, falls short in some respects.
