

# Belize solar panel components factory direct sales

## Overview

---

Who is Sun's Electric?

Sun's Electric, with over 18 years experience offers design, installation, monitoring, maintenance, and repair of grid tied and off grid solar PV systems by a licensed electrician. In Belize from a concept to a reality, our solar electrical systems are designed and backed by 18 years of industry experience.

Should I buy or have my solar system financed by DFC?

You can buy the system or have it financed by DFC. You decide what works best for you. Sit back and watch as your new solar array comes to life. "Since our system was installed, our utility expense has decreased significantly, which has resulted in more flexibility in our cash flow than we would otherwise have.

Does Bel pay for excess electricity?

BEL presently provides compensation for excess electricity fed into the grid, applied as a credit to customers' accounts.
