

Brunei Rooftop solar Energy Storage Company

Overview

Can solar power reduce reliance on fossil fuels in Brunei?

Historically, Brunei's primary energy supply has relied on fossil fuels. This first successful project demonstrates the technical and economic viability of solar power in Brunei's context, paving the way for further development in the clean energy sector and signifying a positive start in reducing reliance on fossil fuels.

Which financial institution in Bandar Seri Begawan has installed rooftop solar panels?

BIBD is now the first financial institution in Bandar Seri Begawan to install rooftop solar panels, showcasing BIBD's commitment to a greener and more resilient future for Brunei.

Who owns Brunei energy services & trading (best)?

Brunei Energy Services and Trading (BEST) is the national oil company owned by the Brunei government. The company was granted all mineral rights in eight prime onshore and offshore petroleum blocks totaling 20,552 sq. km. PB manages contracts with Shell and Petronas, which are exploring Brunei's onshore and deep-water offshore blocks.

Why is solar energy important in Brunei?

By harnessing solar energy, we are reducing carbon emissions and paving the way for a cleaner, more sustainable future for Brunei. This project serves as a model for other institutions and communities to follow.
