

# **Canada Toronto solar Curtain Wall Company**

## Overview

---

Why should you choose a curtain wall supplier in Toronto?

There are different ways you can achieve your ideal building; using quality and modern curtain wall systems or window walls is one of them. Alumshine is one of the best curtain wall suppliers and companies in Toronto, providing high-performance construction materials to help building owners create better and more efficient buildings.

What is a curtain wall system?

Curtain wall systems are non-structural systems for the external walls of buildings. Kawneer engineers a comprehensive range of curtain wall systems available in traditional stick fabrication and unitized options. Stick-build curtain wall systems are assembled and glazed in the field with inside or outside glazing options.

What is a photovoltaic curtain wall?

Building Integrated Photovoltaics At Onyx Solar we provide tailor-made photovoltaic glass in terms of size, shape, transparency, and color for any curtain wall design. Photovoltaic curtain walls transform any building into a self-sufficient energy infrastructure and enhance the building's architectural design.

Why are curtain wall systems so popular?

Our curtain wall systems are a popular option for buildings wishing to blend design and functionality because they are made to endure the weather and provide superior insulation.
