What types of batteries does Canadian energy offer?

Canadian Energy provides batteries for transportation, motive, and renewable energy applications. Whether you are looking for Flooded Lead-Acid, Mixtech, AGM or Lithium batteries we have you covered. If you're having trouble finding what you're looking for try our battery finder or look for a specific application.

What is a CANBAT lead carbon battery?

Canbat lead carbon batteries are designed with PSOC compatibility for ultra-fast charging capability, efficiency and more than three times as many cycles as standard AGM batteries. They are a great upgrade from lead acid and are more cost effective than lithium. Lead carbon batteries are offered in two main formats: front terminal and top terminal.
