## Overview

---

What is solar & storage live Cape Town?

REGISTER FOR FREE Solar & Storage Live Cape Town offers you a unique opportunity to connect with a large and exceptionally senior audience. It provides meeting spaces, networking opportunities as well as sponsorship/exhibition opportunities to meet your companies specific marketing and business development needs.

Will Cape Town own a solar plant?

The city of Cape Town, South Africa, has started building a 7 MW solar plant that it will own and operate. It has also launched a tender for a 5 MW/8 MWh battery energy storage system to be built at the same site. Cape Town is set to become the first city in South Africa to own and operate its own solar plant.

Who owns the Red Sands battery energy storage system?

Updated 1st July 2025 - The Red Sands Battery Energy Storage System (BESS), set to be Africa's largest of its kind, has officially reached commercial close. Developed by Globeleq, which is 30% owned by Norfund, in partnership with African Rainbow Energy, the 153 MW/612 MWh project was signed off in June 2025 in Cape Town.

What is solar & storage live?

Solar & Storage Live is Cape Town's largest renewable energy exhibition that celebrates the technologies at the forefront of the transition to a greener, smarter, more decentralised energy system. Industry leaders come together to share their expertise on key topics in the field across 2 action-packed days.
