

Cheap arc flash switchgear in China Factory

Overview

How does an arc flash switchgear work?

Generally, this type of switchgear will come with flaps that open under the intense pressure of arcing energy. The flaps allow the heated gases of an arc flash and the pressure to safely vent out of the enclosure and away from the operator. When venting arc flash gases outside of the switchgear room is necessary, extra duct work is used.

How much does a switchgear cost?

You can expect to pay between 500 to 20000 for each Switchgear. The cost of a Switchgear varies by the different parameters. Our electronics supplier database is a comprehensive list of the key suppliers, manufacturers (factories), wholesalers, trading companies in the electronics industry.
