

China solar powered generator in Brasilia

Overview

Why is Brazil launching a mega project?

The Brazilian Minister Alexandre Silveira said that the mega project will play an important role in improving the safe and stable operation of the power grid in his country, promoting wind and solar energy in northeastern Brazil to support the green and low-carbon development of Brazil's economy and society.

Who won Brazil's largest auction of infrastructure power transmission project?

Being the largest auction of infrastructure power transmission project ever held in Brazil, the project was won by China's State Grid last December, following the Chinese company's previous two bids for the Belo Monte UHVDC transmission project in Brazil.

Who is the Chinese ambassador to Brazil?

Witnessed by Chinese Ambassador to Brazil Zhu Qingqiao, Brazil's Minister of Mines and Energy Alexandre Silveira and Sandoval Feitosa, head of the Brazilian Electricity Regulatory Agency (ANEEL), the contract was inked between the project company under China's State Grid Brazil Holding Company and the ANEEL.
