

Companion 40ah power station in Australia

Overview

What is a companion Rover lithium 40ah power station?

Sale! The Companion Rover Lithium 40AH Power Station is designed for powering portable fridge/freezers and other 12V appliances while being off-grid. Its lightweight and compact design makes it a truly portable power source for your next camping adventure.

How much power does a companion Rover 40 Power Station have?

The Companion Rover 40 Power Station is small in size but packs a decent punch, offering 40amp of lithium power in a package that weighs just 6.5kg, which is enough to keep my 47L myCOOLMAN fridge running for just under two full days without a charge. I can charge the power station back up via 240V mains, 12V or solar.

Is Rover lithium 40ah a good power station?

The Rover Lithium 40Ah Power Station's diminutive size belies its literal power and for those looking for a portable charging solution for their camping adventures, this unit is well worth a look. For those after more camp-side grunt, Companion's Rover 70Ah Power Station is another option, albeit with a seriously hefty jump in asking price.

How much does a companion-rover-40ah-lithium-power-station cost?

We have purchased the companion-rover-40ah-lithium-power-station from BCF on special for \$529 (\$484.62 after using e-gift cards from Red Energy for BCF). And were curious what brand and details of Solar panels people have used to charge it with?

and is it best to: Charge Battery while driving with a fridge connected to battery?
