

Container energy storage spray painting

Overview

Can willbox spray paint containers?

Willbox can spray paint containers in bespoke or fleet colours. Available are a variety of classic RAL or BS4800 colour charts. Our painting services include: - Refurbishment of used containers. - Prep & respray of new containers. - Two tone bespoke paint projects. - One coat applications. - Premium paint projects.

How do I set up a spray painting facility on site?

By far the easiest way to set up a spray painting facility on site is to utilise a MASTERFLO Container Spray Booth. These are a complete 'Plug-and Play' unit that is simply and easily setup wherever painting is needing to be done. And the unique design ensures they are ready and able to relocate when required.

How can blastone build a high-performance spray paint room?

BlastOne has a unique process to conceptualize design and build high-performance spray paint rooms and booths for many industrial applications - from small, containerized rooms to multi-million-dollar paint facilities. By far the easiest way to set up a spray painting facility on site is to utilise a MASTERFLO Container Spray Booth.

What is a container spray booth?

Container spray booths are the ideal solution on Plant, Refinery or Infrastructure Maintenance Projects for all those movable components that need a coat of paint. This 100% self-container plug-and-play unit can be delivered to site on a tilt tray truck or sideloader and be operational within minutes.
