

Current price trend of Heishan lithium energy storage power supply

Overview

Why is the lithium market under pressure in 2025?

This imbalance has strained the profitability of major suppliers like Tianqi and Ganfeng, many of whom are operating at a loss. While policy support and modest demand recovery in July offer some hope for price stabilization, the lithium market remains under pressure heading into the second half of 2025.

What is lithium Pricewatch?

PriceWatch is your trusted resource for tracking global lithium price trends. Our platform delivers real-time data and expert analysis, offering deep insights into the key factors driving price fluctuations in the lithium market.
