

EK Energy Storage Project in New York USA

Overview

Who owns East River energy storage system?

East River ESS, LLC, an affiliate of 174 Power Global, will build the East River Energy Storage System on land leased from New York Power Authority (NYPA), where the Charles Poletti power plant was formerly located.

What is nycida's largest battery energy storage project?

NYCIDA closed its largest battery energy storage project to date, the East River Energy Storage Project, located on an industrial site on the East River in Astoria, Queens. When built, the facility will be able to hold up to 100 megawatts (MW) and power over tens of thousands of households.

How will a 100MW battery energy storage system work?

The facility will serve as a large-scale battery energy storage system capable of charging from, and discharging into, the New York power grid. When fully functional, the 100MW battery energy storage project will be able to discharge electricity to the grid particularly during peak demand.

What is energy storage?

Energy storage encompasses an array of technologies that enable energy produced at one time, such as during daylight or windy hours, to be stored for later use. LPO can finance commercially ready projects across storage technologies, including flywheels, mechanical technologies, electrochemical technologies, thermal storage, and chemical storage.

EK Energy Storage Project in New York USA

Nala Renewables developing 280MW of BESS ...

Mar 30, 2022 · Nala Renewables is developing four new battery energy storage projects in New York state totalling 280MW by mid-2024.

174 Power Global wins approval for 100MW energy storage project in New York

Jul 16, 2021 · 174 Power Global intends to re-purpose and build the energy storage project on leased property owned by the New York Power Authority. At the starting of this year, the ...

New York's NineDot secures funds for 400 ...

Jan 27, 2025 · A Brooklyn-based community-scale energy storage developer has secured sufficient funding to purchase almost 100 MW/400 MWh of ...

ENERGY STORAGE PROJECTS

3 days ago · The Department of Energy (DOE) Loan Programs Office (LPO) is working to support deployment of energy storage solutions in the ...

Top 7 Battery Energy Storage System (BESS) Projects in the USA ...

3 days ago · The Swiftsure Energy Storage Project is a large-scale battery system designed to provide up to 650 MW of grid-connected storage capacity in Staten Island, New York.

Support of Major Battery Energy Storage Project in New York ...

May 16, 2024 · NYCIDA helps to lower the cost of capital investment through discretionary tax benefits. The IDA has supported approximately 254MW of battery storage capacity in New ...

New York PSC Approves 174 Power Global's East River Energy Storage Project

Jul 15, 2021 · The East River Energy Storage Project was selected, and subsequently contracted, by Con Edison for an energy supply agreement after the PSC directed the utility to procure ...

New York City Set To Receive Largest Battery ...

May 30, 2024 · Moreover, Elevate Renewables will be contracted to spearhead the battery storage project's development with functions to ...

East River Development Wins NY-BEST's Equitable Energy Storage ...

May 24, 2025 · ALBANY, NY - The New York Battery and Energy Storage Technology Consortium (NY-BEST) announced their inaugural Equitable Energy Storage Systems Award ...

5 MW AC Distributed Solar and Battery Energy Storage System Project ...

1 day ago · The Company develops solar and Battery Energy Storage System (BESS) projects that sell electricity to utilities, commercial, industrial, municipal and residential off-takers.

New York City Set To Receive Largest Battery Storage Project ...

May 30, 2024 · Moreover, Elevate Renewables will be contracted to spearhead the battery storage project's development with functions to store power during non-peak hours and ...

Long Island utility approves PPAs for 129 MW ...

Dec 31, 2024 · The Long Island Power Authority (LIPA) in New York State has approved contracts tied to 129 MW of battery energy storage capacity ...
