

# **EU PV Inverter Distributor**

## Overview

---

How big is the European solar inverter market?

The European solar inverter market is set to grow from USD 2.85 billion in 2024 to USD 3.66 billion by 2029, with a growth rate of 5.06% annually. This growth is driven by government incentives, investments in solar energy, and a focus on reducing carbon emissions. Germany is the largest market, followed by the UK and France.

Where can I buy and sell PV components in Europe?

Transparent, reliable and user-friendly marketplace to buy and sell PV components across Europe Want to know more about us?

sun.store is a rapidly expanding online marketplace for photovoltaics where installers buy PV equipment – modules, inverters and batteries.

Which countries use the most solar inverters?

Germany is the largest market, followed by the UK and France. Central inverters for large solar projects are expected to dominate, while micro inverters for homes are also growing. Hybrid inverters, which combine solar and battery storage, are gaining popularity as more people seek energy independence.

Who are ABB solar inverters?

ABB, headquartered in Switzerland, is a multinational corporation with a strong presence in the renewable energy sector, particularly in solar power solutions. ABB has been developing innovative and reliable solar inverters for both residential and industrial applications for over a decade.
