

East Africa New solar container battery

Overview

Are our energy solutions made in Africa for Africa?

We pride ourselves that our energy solutions are made in Africa for Africa.” Pre-installed 20ft solar container with all equipment for 33kWp of PV and up to 96kWh battery storage. Innovation in containerised electrification.

What makes our containerised solar power generation units special?

“What makes our containerised solar power generation units special,” says Tobias, “is our use of international quality engineering and components, while still producing local content that allows us to offer a price advantage and local support. We pride ourselves that our energy solutions are made in Africa for Africa.”.
