

Easy-to-install solar curtain wall installation in Slovakia

Overview

What is a photovoltaic curtain wall?

Building Integrated Photovoltaics At Onyx Solar we provide tailor-made photovoltaic glass in terms of size, shape, transparency, and color for any curtain wall design. Photovoltaic curtain walls transform any building into a self-sufficient energy infrastructure and enhance the building's architectural design.

Who is Slovak solar?

Slovak Solar s.r.o. is a leading photovoltaic wholesaler in Slovakia, Czech Republic and Austria, with a vision to create a sustainable energy future. We started our journey in 2009 with the main idea – to provide companies specialised in the installation of solar systems with access to first-class photovoltaic products, all from one place.

Why should you choose Slovak solar?

At Slovak Solar, we believe that progress comes from constant innovation. From day one, we've been breaking new ground in Slovakia's solar energy sector. We were one of the first company in Slovakia to install Building-Integrated Photovoltaics (BIPV).

Are curtain wall systems a challenge?

It is a challenge to fit suitable ventilation or solar shading system to every type of project. Curtain wall systems are one of those new building trends, where standard solutions won't do. The challenge is to look for a solution using its urge for innovation and creativity.

Easy-to-install solar curtain wall installation in Slovakia
