

# **Emergency Command Energy Storage Container 80kWh**

## Overview

---

What is a containerized battery energy storage system?

Our's Containerized Battery Energy Storage Systems (BESS) offer a streamlined, modular approach to energy storage. Packaged in ISO-certified containers, our Containerized BESS are quickly deployable, reducing installation time and minimizing disruption.

What is energy storage container?

SCU uses standard battery modules, PCS modules, BMS, EMS, and other systems to form standard containers to build large-scale grid-side energy storage projects.

What is a mobile energy storage system?

On the construction site, there is no grid power, and the mobile energy storage is used for power supply. During a power outage, stored electricity can be used to continue operations without interruptions. Maximum safety utilizing the safe type of LFP battery (LiFePO<sub>4</sub>) combined with an intelligent 3-level battery management system (BMS);.

What energy storage container solutions does SCU offer?

SCU provides 500kwh to 2mwh energy storage container solutions. Power up your business with reliable energy solutions. Say goodbye to high energy costs and hello to smarter solutions with us.

## Emergency Command Energy Storage Container 80kWh
