

# Energizer outdoor power

## Overview

---

### What is energizer Energy?

From compact portable power stations to expandable energy systems, Energizer Energy offers a range of high-performance products to suit any adventure, emergency, or everyday need. Discover Energizer® Energy's innovative portable power stations and energy solutions.

### What is Energizer Homepower?

Built by Australia's 8 Star Energy, which licenses both the Energizer and Eveready battery brands for its gear, the Energizer Homepower is a Battery Energy Storage System, packing in a 6.1kWh initial power block, though it can grow over time as home needs throw with it.

### Why should you choose Energizer solar peak portable power?

Discover our top-tier portable power range – suitable for emergency back up power, off-grid work, and adventures. Back-up when you need it. Energizer Solar Peak Portable Power products are ready for any situation, providing a reliable power source for essential home loads during power outages or situations without electricity.

### What is Energizer solar Everest 100?

The Energizer® Solar Everest 100 is a compact and lightweight portable power station - essential when outdoors or on the go. With 97.2 watt hours of capacity, it can power mobile phones, laptops, drones, cameras, portable speakers, game consoles, and more. Perfect for remote workers or hiking and backpacking activities.
