

Fairness for the new solar glass project in Thimphu

Overview

Where are solar panels installed in Thimphu?

The project included the installation of Rooftop Solar PV at Centenary Farmer's Market (CFM) and Ground Mounted Solar Panels at Dechencholing in Thimphu. The first phase of the project completed in May-June, last year.

How many solar panels are there at CFM & Dechencholing?

The first phase of the project completed in May-June, last year. In total, there are 393 panels at CFM and 784 solar panels at Dechencholing project site, generating approximately, 380000KW hour units in the last 7 months, generating an income of roughly Nu. 2.7 million. One panel can light about 32 light bulbs (of 20watt).

Are solar PV systems a climate mitigation effort?

The implementation of solar PV systems, as a climate mitigation effort, have a significant positive impact on the environment, as it is a form of renewable energy generation with the least climate impact.
