

Georgia Easy Installation solar Curtain Wall Customization

Overview

Can I install curtain walls myself?

Based on the scope of your project, there are also “do-it-yourself” installation kits available for those who wish to buy factory direct and then complete the installation of the curtain walls themselves. The Curtain Wall System is a thermally enhanced aluminum tubular glazing system for commercial and residential applications.

What is a curtain wall system?

The Curtain Wall System is a thermally enhanced aluminum tubular glazing system for commercial and residential applications. Curtain walls are an excellent way to bring natural light into a room while remaining protected from the elements.

What is a solar curtain wall?

Commercial applications are most often designed, engineered, and installed by Solar as storefronts. The curtain wall can be utilized on virtually any type of business. A system can be added to the exterior of your building or utilized for interior divisions between departments or as office walls.

Are solar innovations ® curtain wall frames custom built?

All Solar Innovations ® curtain wall frames are custom built to meet the exact dimensions of your opening. Solar Innovations ® offers eight standard frame finish colors and unfinished aluminum; custom finish options are available at an additional cost.
