

Germany home solar lights

Overview

Are solar street lights made in Germany?

Yes, all of our solar street lights, brackets, and special solutions are developed and manufactured by Geo-Technik in Germany. Our in-house metalworking shop in Großkrotzenburg, Hesse, enables us to guarantee the highest quality standards and offer customized solutions for our customers. How is a solar street light installed?

.

Is it true that solar panels are made in Germany?

Some top-rated solar panel manufacturers, as listed by Clean Energy Reviews, do not produce solar panels in Germany. We also considered Australia for those who prefer local support. Currently, we only have one solar panel manufacturer in Australia, Tindo Solar, which is based in Adelaide, South Australia.

Does Geo-Technik manufacture solar street lights?

Does Geo-Technik manufacture the solar street lights itself?

Yes, all of our solar street lights, brackets, and special solutions are developed and manufactured by Geo-Technik in Germany. Our in-house metalworking shop in Großkrotzenburg, Hesse, enables us to guarantee the highest quality standards and offer customized solutions for our customers.

Can a solar wall luminaire be converted into a house number?

Once movement is detected, the solar light will emit a bright orientation light to guide you safely to your door. Practical: many of our solar wall luminaires can easily be converted into a house number luminaire. Simply add a number template!
