

# High-performance 15kW solar-powered container for drilling sites

## Overview

---

Why do you need a solar container?

Deploy power in hours Perfect for remote locations, construction sites, events, and emergency response situations. Our solar containers ensure fast deployment, scalability, customization, cost savings, reliability, and sustainability for efficient energy anywhere.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

Which solar panels do you use?

We use the highest quality solar panels, including LG, Peimar, and Canadian Solar; these solar panels harvest the sun's power and stores the energy in high-quality lithium batteries, controlled with an external BMS. Then the power is distributed using Victron Multiplus units, so this inverter/charger can transfer the power.

Where can a portable power container be used?

The MOBIPOWER portable power container can be used virtually anywhere on the planet and will produce and store all the power you will need.

## High-performance 15kW solar-powered container for drilling sites

---

Buy 15 kilowatt 15kW Solar Energy Storage System

Factory Price for 15kW Solar Energy Storage System includes Hybrid Inverter 15000W Single Phase, Solar Panels, combiner, Solar Controller, and batteries

---

15kw Hybrid solar system

15kW Solar Energy System - High Efficiency, Durable, and Cost-Effective Our 15kW solar energy system is designed for commercial and industrial applications, offering maximum performance, ...

---

Buy 15 kilowatt 15kW Solar Energy Storage ...

Factory Price for 15kW Solar Energy Storage System includes Hybrid Inverter 15000W Single Phase, Solar Panels, combiner, Solar Controller, ...

---

Solar Container , Large Mobile Solar Power Systems

3 days ago · Power anywhere, rapid deployment LZY mobile solar systems integrate foldable, high-efficiency panels into standard shipping containers to generate electricity through rapid ...

---

MOBIPOWER Battery Energy Storage Systems ...

4 days ago · MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial ...
