

# **High power solar panels customized**

## Overview

---

What are custom solar panels?

The Custom Solar Panels is a key item within our extensive Solar Panels selection. Solar panels for manufacturing purposes typically include monocrystalline, polycrystalline, and thin-film options.

Why should you buy custom solar panels?

Our Custom Solar Panels offers exceptional quality within the Solar Panels category. Wholesale purchases of solar panels benefit manufacturers by providing cost-effectiveness, access to bulk quantities, and consistent quality control.

What are the different types of custom solar panels?

Our custom solar panels mainly include three categories - mono/poly crystalline solar panels in latest technology, high efficiency Sunpower solar panels and indoor/outdoor amorphous silicon solar panels. [Learn more.](#)

How much does it cost to design a custom solar panel?

There are no design fees to create a prototype of your custom solar panel. Some, but not most, designs may require a fee to prepare the machinery to create your specific panel at volume. Our MOQ is 500 - 2,000 units depending on the size of the panel.

## High power solar panels customized
