

# High quality 600 amp switchgear

## Overview

---

What is a 600 AMP safety switch?

600 AMP, 3-Pole, Heavy Duty Safety Switch, Fusible with Neutral, 600 VAC, 250 VDC, NEMA 3R. Uses: IDSR Series Fuses. Enclosure Dims: H: 52.70", W: 24.00", D: 8.95". Eaton's heavy-duty safety switches with enhanced visible blade provide a highly visible means of disconnect to help improve personnel safety and equipment protection.

What is electrical switchgear?

Our electric switchgear power systems deliver dependable, high-performance power distribution. Electrical switchgear is key for any power system, offering protection, isolation and control. At Aggreko, we provide an exhaustive switchgear range to suit everything from the smallest projects to large-scale industrial control rooms.

What type of switchgear does Aggreko offer?

At Aggreko, we provide an exhaustive switchgear range to suit everything from the smallest projects to large-scale industrial control rooms. Working closely with you, we'll recommend the right switchgear solutions for your electrical distribution system - whether that's low voltage, high voltage or anywhere in between.

Why should you choose Aggreko for your electrical switchgear?

Crucially, choosing Aggreko for your electrical switchgear guarantees precise matching with our generator and other electrical products and services. From complete switchgear power systems to isolators, circuit breakers, relays and more, everything is designed to work in harmony.
