

# High quality wiring a breaker in Moscow

## Overview

---

Does moskabelmet manufacture power cables in Russia?

Moskabelmet successfully meets the task of import substitution that Russian companies are facing. Thus, 99% of the components used in the manufacture of power cables with paper impregnated insulation are produced in Russia. The company immediately responds to the changing conditions of products' use and safety requirements.

Who is moskabelmet?

Group of Companies Moskabelmet specializes on cooper rods, cooper wires, winding wires, optical, power, and control cables manufacturing, as well as producing other unique products. The Company's products are used the energy, transportation, construction, mechanical, atomic, defense industrial, and petroleum sectors.

Is moskabelmet a good brand?

The modern brand of Moskabelmet has been recognizable since 1992. It is trusted by hundreds of permanent business partners, who are aware of the proven reputation of the company. JSC MKM is the successor and the heir of tradition of the first cable manufacture in Russia established in 1895.

Who is GK moskabelmet?

After the manufacture was transformed into a group of companies, JSC MKM became a head organization and now functions as a corporate management. Today GK Moskabelmet combines 5 factories, trade and service enterprises, social infrastructure facilities and laboratories.
