

# How is the telecommunications industry in Maldives developing

## Overview

---

What is the telecommunications system in Maldives?

Telecommunications in the Maldives is under the control and supervision of the Communications Authority of Maldives (CAM). The Maldives is served by three telecommunications operators, Dhiraagu, Ooredoo Maldives and Raajjé Online. Mobile network operators (MNOs): 2, Dhiraagu and Ooredoo Maldives (2020) Telephones – Fixedline's in use: 21,000 (1999).

Is the Maldives' telecoms market overweight?

The Maldives' telecoms market is experiencing a similar level of pain because of the pandemic, due to being overweight in the mobile segment. That is because, historically, the country's high number of tourists and expatriate workers has inflated the penetration rate for mobile services, making it one of the highest in the world.

Why is information and Communication Technology important in Maldives?

C. An Assessment of Information and Communication Technology Sector in Maldives Information and communication technology (ICT) is broadly recognized as a potential powerful tool for developing countries to accelerate economic growth, improve human welfare, and foster good governance practices.

Is the Maldives' telecom sector showing signs of recovery?

The Maldives' telecom sector starts to show signs of recovery after being pummelled by the Covid-19 crisis. Ooredoo Maldives launches the Maldives' first commercial 5G mobile service in Greater Male. The Maldives-Sri Lanka (MSC) cable system is lit, less than a year after construction began.
