

Intelligent Folding Container for Airports in Ljubljana

Overview

What does Ljubljana Joe Punik airport (Lju) do?

Fraport Slovenija is introducing Assaia's TurnaroundControl solution at Ljubljana Jože Pučnik Airport (LJU) to optimize turnaround performance and gain valuable insights for future deployments at other Fraport airports.

How does Fraport Slovenija work?

Fraport Slovenija management is embracing state-of-the-art technology to work smarter to ensure a smooth passenger experience. Assaia's TurnaroundControl will gather objective data from every ground handling process, identifying bottlenecks, process dependencies, and discrepancies between planned and actual times.

Is Fraport Slovenija a good airport?

As one of the few airports in Europe with an in-house ground handling department, LJU faces the challenge of maintaining and improving service levels amidst staff shortages and increasing traffic. Fraport Slovenija management is embracing state-of-the-art technology to work smarter to ensure a smooth passenger experience.

Why should you choose Ljubljana as a charter base?

Robert Rauch, Executive Project Leader "Serving as a charter base is exciting for our business. The growing network of holiday destinations available from Ljubljana demands agile ground handling teams that go the extra mile to ensure vacationers have a good journey, no matter the timing of the flight.
