

# **Jakarta solar container communication station lead- acid battery cooling chassis**

## Overview

---

What is a containerized battery energy storage system?

Provide users with a peak-valley electricity price arbitrage mode and stable power quality management. Shipped in a 20ft container, Sunwoda's containerized battery energy storage system (BESS) is an all-in-one energy storage solution for various scenarios.

What is sunwoda LBCs?

All-in-one design, rapid installation and deployment. Sunwoda LBCS (liquid-cooling Battery Container System) is a versatile industrial battery system with liquid cooling shipped in a 20-foot container. The standard unit is prefabricated with a modular battery cluster, fire suppression system, water cooling unit, and local monitoring.

What is a sunwoda battery cluster?

Sunwoda battery cluster modular unit consists of a standard rack-based battery module (battery pack) and a comprehensive multi-level battery management system (BMS). The team behind LBCS is ready to help you with professional integration support in terms of new or existing solar power, wind power, thermal power, and more.
