

# Kenya Smart Solar System

## Overview

---

What is solar energy used for in Kenya?

In Kenya, solar energy is used for various purposes due to the country's daily insolation of 4-6kWh/m<sup>2</sup>. Solar photovoltaic (PV) systems are employed for telecommunication, cathodic protection of pipelines, lighting, and water pumping.

Which are the top 10 solar companies in Kenya?

The top 10 solar companies in Kenya to consider buying your solar products from are: Kenya Solar Energy Limited (KENSEN). Kenya Solar Energy, a registered private company since 2012, is located in Nairobi on Bungoma road off Baricho Road. Its main motive is to provide sustainable renewable solar energy.

What is Kenya Solar Energy Limited (KENSEN) ?

Kenya Solar Energy Limited (KENSEN) is a registered private company since 2012 with the main motive of providing sustainable renewable solar energy. It is located in Nairobi on Bungoma road off Baricho Road. The company's telephone numbers are: 0722667912 or 0722982826.

How do solar panels produce electricity in Kenya?

Solar Panels in Kenya convert the sun's rays into electricity during the day to generate electricity used in the night. To order, contact our sales agents at 0711477775, 0711114001, or 0711114777. Majority of the solar panels in Kenya work by absorbing the sun's rays and converting them into electricity. To learn more, talk to our sales agents.
