

Kyrgyzstan outdoor mobile power box accessories

Overview

Do I need a power adapter in Kyrgyzstan?

If your devices are compatible with these specifications, you will not need a power adapter. However, if your devices use a different plug type or are not compatible with the voltage in Kyrgyzstan, you will need a power adapter and/or a voltage converter/transformer.

What type of plug does Kyrgyzstan use?

Kyrgyzstan uses two different plug types: C and F. Plug type C is the plug which has two round pins. Plug type F is the plug which has two round pins with two earth clips on the side. Both plug types are widely used in the country, so you should be able to find compatible outlets in most places.

How does a travel adapter work in Kyrgyzstan?

This travel adapter is designed to power multiple devices simultaneously, thanks to its multiple USB ports and a standard socket. This makes it perfect for charging your phone, laptop, tablet, camera, and more, ensuring all your essential electronics are ready for use in Kyrgyzstan and beyond.

What if my devices are not compatible with the voltage in Kyrgyzstan?

However, if your devices use a different plug type or are not compatible with the voltage in Kyrgyzstan, you will need a power adapter and/or a voltage converter/transformer. The standard voltage in Kyrgyzstan is 220 V, and the standard frequency is 50 Hz.
