

Large-scale solar container battery in Lyon France

Overview

Will a battery energy storage system lift France's existing fleet?

French storage developer Acacia has formed a joint platform with Eren Industries to roll out more than 500 MW of stand-alone battery energy storage systems (BESS) across France—a capacity that would lift the country's existing large-scale fleet by roughly half.

What is LZY solar storage?

LZY offers large, compact, transportable, and rapidly deployable solar storage containers for reliable energy anywhere.

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.

Will Acacia build a stand-alone battery storage in France?

Acacia joins forces with Eren Industries to build 500 MW of stand-alone battery storage in France, starting with 200 MW under construction and 300 MW in late development.
