

# **Latvian solar container communication station wind and solar complementary equipment supplier**

## Overview

---

Who is responsible for the energy transition in Latvia?

Local authorities are responsible for municipal energy supply and renewable energy projects, with Latvia's energy transition guided by the National Energy and Climate Plan and the Energy Strategy 2050.

When will battery energy storage systems be installed in Latvia?

The most recent update regarding BESS installations is that in Tume and Rēzekne, Latvia's transmission system operator "Augstsprieguma tīkli" (AST) in June 2025 installed battery energy storage systems with a combined capacity of 80 MW and 160 MWh, which will undergo testing until October 2025.

Is Latvia ready for a green energy transition?

Solar and wind energy production alone experienced an impressive 92% surge in 2023 compared to 2022, and this momentum shows no signs of slowing down. Building on these achievements, Latvia has set ambitious targets for its green energy transition.

What is the main source of renewable electricity in Latvia?

Hydroelectric power is the main source of renewable electricity in Latvia, followed by solar, wind and biomass cogeneration plants. In 2024, solar power in Latvia grew over 3.1 times to 6.7% of total electricity, becoming the third-largest source, while wind reached a record 38 GWh and hydropower, despite a 16% drop, still provided 54%.

## Latvian solar container communication station wind and solar comp

---

Latvian supplier of wind and solar hybrid equipment for communication

About Latvian supplier of wind and solar hybrid equipment for communication base stations  
At SolarTech Innovations, we specialize in comprehensive photovoltaic solutions including hybrid  
...

---

Mobile Solar Container Systems , Foldable PV Panels , LZY Container

Mobile Solar Container - All in One Power Solution with Foldable Panels LZY's photovoltaic power plant is designed to maximize ease of operation. It not only transports the PV equipment, but  
...
