

Liechtenstein electrical energy storage financing scheme

Overview

What projects does Liechtenstein support?

Four key projects were defined for this purpose: Education Strategy 2025, Energy Strategy 2030, Mobility Concept 2030, and measures to reconcile family and working life. Liechtenstein also supports the Green Climate Fund (GCF), which was established by the parties to the UN Framework Convention on Climate Change (UNFCCC).

Do financial market participants in Liechtenstein have a sustainability strategy?

Financial market participants in Liechtenstein already have or are in the process of creating a sustainability strategy that largely incorporates sustainability risks and sustainability factors into the business strategy or good governance.

Which SDGs are most important for Liechtenstein?

This principle emerges from the first country report submitted to the UN for 2019, in which the Government identified eight SDGs (SDGs 4 to 7, 9 and 10, 12 and 13) for which it sees the greatest need for action in Liechtenstein.

Will Liechtenstein reduce its emissions by 2030?

Under the Paris Agreement, Liechtenstein undertakes to reduce its emissions by 40% (instead of the previous 20%) by 2030 compared to 1990. The 17 Sustainable Development Goals (SDGs) are to be observed as strategic guidelines for Government action.

Liechtenstein electrical energy storage financing scheme
