

# Lithuania Communications 5G Base Station Construction Plan

## Overview

---

Does Telia have 5G in Lithuania?

. Telia, the leading Nordic and Baltic digital communications company, through an exclusive partnership with Ericsson, has reached a significant milestone of achieving 99 percent geographical 5G coverage in Lithuania.

Will Lithuania have full scope of 5G services?

Our common goal is to have full scope of 5G services in Lithuania as soon as possible and that operators had all spectrum resources they need for provision of commercial services right after relevant auctions“, – says M. Žilinskas.

Is Lithuania ready for 5G?

Lithuania's 5G development is an extraordinary success story, achieved in a remarkably short time. After negotiations regarding the 5G frequencies, Lithuania was the last European country to join the 5G bandwagon and the country's authorities gave the green light for its official launch only in autumn 2022.

When did Telia Lithuania complete the modernization of its radio network?

Over the period of 2021 to 2023, Telia Lithuania successfully completed the modernization of its network with Ericsson 's cutting-edge radio access network (RAN) equipment.
