

London Vanadium solar container battery

Overview

What is a vanadium flow battery?

Vanadium flow batteries, like Invinity's VS3 technology, offer a compelling alternative. These systems provide long-duration storage, have no risk of fire, lower degradation over time, and are better suited to daily heavy cycling without loss of capacity.

Will 'multiple' vanadium flow battery bids be lodged in LDEs tender?

Investor and renewables developer Frontier Power Ltd has said it is planning to lodge 'multiple' vanadium flow battery (VFB)-related bids in a long-duration energy storage (LDES) tender expected before July.

Are vanadium flow batteries a viable alternative to lithium-ion batteries?

However, lithium-ion systems face challenges in providing multi-hour to multi-day storage, are prone to thermal runaway risks, and often suffer reduced lifespans under heavy cycling. Vanadium flow batteries, like Invinity's VS3 technology, offer a compelling alternative.

Why is vanadium important?

The growing demand for vanadium highlights its importance in securing resilient, sustainable storage capacity for renewable energy projects across the UK and beyond. The LODES project is backed by up to £10 million from the Department for Energy Security and Net Zero (DESNZ) under the Longer Duration Energy Storage (LDES) Demonstration programme.

London Vanadium solar container battery

Invinity to deploy 20.7MWh vanadium flow battery project in UK

Apr 5, 2025 · The project will be installed in the South East of England and will be the first commercial battery project in the UK to co-locate a long-duration battery energy storage ...

Invinity Secures UK's Largest Vanadium Flow Battery Project

Apr 1, 2025 · Invinity Energy Systems is set to make UK energy history with the development of its flagship LODES project, a 20.7 MWh vanadium flow battery (VFB) system in South East ...

Invinity to build 20MWh flow battery in UK

Apr 1, 2025 · Vanadium flow battery (VFB) specialist Invinity Energy Systems will build an energy storage system in south east England that could ...

UK Flow Battery To Be Tested In US

3 days ago · Vanadium flow battery technology from the UK will be the first to go through its paces at a new energy storage test facility in the US.

Vanadium Powers New Era in UK Energy Storage as Root ...

Jun 10, 2025 · Source: - 10 June 2025 Root-Power, a leading battery energy storage system (BESS) developer, today announced the submission of plans for four ...

LoDES Project Secures Approval to Proceed

Invinity Energy Systems today announces that it has reached an agreement to proceed with the LoDES project. Invinity has acquired the rights to develop, build, own and operate an up to ...

Vanadium flow battery maker preps for UK long-duration ...

Mar 7, 2025 · Investor and renewables developer Frontier Power Ltd has said it is planning to lodge 'multiple' vanadium flow battery (VFB)-related bids in a long-duration energy storage ...

Invinity to deploy 20.7MWh vanadium flow ...

Apr 3, 2025 · Invinity's VRFB units alongside a solar array in Scotland. Image: Invinity Energy Systems. Invinity Energy Systems has been given ...

Invinity Secures UK's Largest Vanadium Flow ...

Apr 1, 2025 · Invinity Energy Systems is set to make UK energy history with the development of its flagship LODES project, a 20.7 MWh vanadium ...

Invinity Energy to break ground on vanadium flow battery in UK

Apr 2, 2025 · Image courtesy Invinity Energy Systems Invinity Energy Systems has reached an agreement to proceed with the LODES project, developing, building, owning and operating an ...

Invinity to develop UK's largest flow battery system

Apr 1, 2025 · Invinity battery storage units at Motherwell. Courtesy of Invinity. Invinity has acquired the rights to develop, build, own and operate an up to 20.7 MWh vanadium flow battery system ...

Vanadium flow battery maker preps for UK ...

Mar 7, 2025 · Investor and renewables developer Frontier Power Ltd has said it is planning to lodge 'multiple' vanadium flow battery (VFB)-related ...

Invinity to build 20MWh flow battery in UK

Apr 1, 2025 · Vanadium flow battery (VFB) specialist Invinity Energy Systems will build an energy storage system in south east England that could reach 20.7MWh. Known as the LODES ...

UK Flow Battery To Be Tested In US

3 days ago · Vanadium flow battery technology from the UK will be the first to go through its paces at a new energy storage test facility in the US.

Invinity to deploy 20.7MWh vanadium flow battery project in UK

Apr 3, 2025 · Invinity's VRFB units alongside a solar array in Scotland. Image: Invinity Energy Systems. Invinity Energy Systems has been given the green light to deploy a 20.7MWh ...
