

# **Long-term payment for folding containers used in the catering industry**

## Overview

---

What are the main expenses of a catering company?

Monthly overhead: Venue rental, staffing, and utilities drive fixed costs. Operational expenses: Food ingredients, catering equipment, and event-specific purchasing sway variable costs. Recurring obligations: Software subscriptions, insurance, and maintenance comprise steady catering operating expenses.

What is the global food containers market size?

The global food containers market size was valued at USD 331.7 billion in 2024 and is projected to grow at a CAGR of 4.5% from 2025 to 2030. This growth is driven by the increasing demand for packaged and processed food products, as consumers seek convenient and long-lasting food options.

Who makes food containers?

Some of the key companies in the food containers market include Amcor plc, Silgan Holdings, Inc., Ardagh Group, Berry Plastics Corp., Plastipak Holdings, Inc., and others. Ardagh Group is a leading manufacturer of metal and glass food containers, with operations in 16 countries.

What is the demand for disposable food packaging solutions?

The scale and efficiency of the German food supply chain create a significant demand for innovative and high-performing disposable food packaging solutions. The Asia Pacific disposable food packaging market accounted for the largest market revenue share of 32.5% in 2024.
