

Majuro Power Station solar container battery Tender

Overview

What is going on with Majuro's power system?

International donors and the Marshall Islands government have lined up to fund a huge overhaul of the power system for Majuro. This funding includes: ADB's ongoing nearly \$13 million grant that is supporting rehabilitation of the utility company's six-million-gallon fuel storage tanks — the largest in this part of the Pacific region.

Where are Marshalls Energy's Solar panels located?

The Marshalls Energy Co.'s solar panels are on school and government building rooftops. Photo courtesy of Marshall Islands Energy Co. In order to stabilize power service, the Marshalls Energy Co. was forced to import more than half-a-dozen rental containerized generators last year that currently provide the backbone of Majuro's power.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.
