

Manila grid-connected energy storage project

Overview

Recently, the highly anticipated MTerra Solar project, the largest solar-storage initiative in the Philippines, secured grid connection approval from the Energy Regulatory Commission (ERC). What are the benefits of energy storage systems in the Philippines?

Configuring an energy storage system can alleviate grid congestion and improve grid stability. | Smoother Energy Output: As of now, the Philippine power grid coverage rate is about 91%, and some areas still have problems with no power coverage, insufficient power supply, and unstable power.

Which NGCP power plant will connect to Luzon grid?

The facility will connect to the grid through NGCP's 69 kV Naga-Libmanan transmission line. The ERC also approved Megasol Energy 1 Inc.'s 41.244 MW Gamu Solar Power Plant in Isabela. The project will connect to the Luzon grid through the 69 kV Gamu-Roxas line.

Will MERALCO PowerGen develop a solar-plus-battery network in the Philippines?

Image: Meralco PowerGen Corp., Terra Solar Philippines Inc. ERC, the energy regulator of the Philippines, has approved an application from the world's largest solar-plus-battery project under construction to develop and own its own transmission network.

What is mterra solar project?

The Energy Regulatory Commission (ERC) of the Philippines has given the MTerra Solar Project permission to develop its own dedicated transmission facilities and connect to the Luzon grid. The first phase, encompassing 2.5 GW of solar and 3.3 MWh of battery storage, is due for completion in 2026.

Philippines approves world's largest solar project for grid connection

Oct 15, 2025 · The Energy Regulatory Commission (ERC) of the Philippines has given the MTerra Solar Project permission to develop its own dedicated transmission facilities and connect to ...

ERC Greenlights Over 600 MW of Clean ...

Jun 24, 2025 · The Energy Regulatory Commission (ERC) has just approved numerous renewable energy and battery storage projects with the goal of ...

Meralco and Hitachi inaugurate 2MW / 2MWh BESS in Philippines ...

Dec 3, 2025 · A Hitachi spokesperson confirmed the reports but declined to make further comment. The reports claim that the project is a pilot that will help the Philippines' largest utility ...

Battery Energy Storage System

Battery Energy Storage System As a trailblazer in battery energy storage technology in the Philippines, San Miguel Global Power is able to ...

ERC Greenlights Over 600 MW of Clean Energy Projects to Power Luzon Grid

Jun 24, 2025 · The Energy Regulatory Commission (ERC) has just approved numerous renewable energy and battery storage projects with the goal of strengthening the Luzon grid, ...

Battery Energy Storage System

Battery Energy Storage System As a trailblazer in battery energy storage technology in the Philippines, San Miguel Global Power is able to significantly support the use of renewable ...

MTerra Solar Project, Philippines

Jan 3, 2025 · The MTerra Solar Project is an integrated solar and battery storage facility being built in the Philippines.

Huawei to provide 4.5GWh BESS for ...

Dec 10, 2024 · Philippines president Ferdinand Marcos Jr at the project's groundbreaking, 21 November. Image: Presidential Communications ...

Sungrow and CREC Sign Landmark 1.5 GWh ...

The project features a photovoltaic installed capacity of 302MWp. During the peak period of the day, all the electricity cannot be fully transmitted to the ...

Philippines president breaks ground at ...

Nov 22, 2024 · Groundbreaking at Meralco Terra Solar in Gapan City, Luzon, Philippines. Image: Meralco Terra Solar. Philippines president Ferdinand ...

Grid-Forming Battery Energy Storage Systems

Mar 12, 2025 · The electricity sector continues to undergo a rapid transformation toward increasing levels of renewable energy resources--wind, solar photovoltaic, and battery ...

Sungrow and CREC Sign Landmark 1.5 GWh Battery Energy Storage ...

The project features a photovoltaic installed capacity of 302MWp. During the peak period of the day, all the electricity cannot be fully transmitted to the National Grid Corporation of the ...

Meralco and Hitachi inaugurate 2MW / ...

Dec 3, 2025 · A Hitachi spokesperson confirmed the reports but declined to make further comment. The reports claim that the project is a pilot that will ...

Energy Box to Host 2nd Solar Energy Storage ...

Apr 29, 2025 · "Our mission is to connect stakeholders and drive tangible progress in Philippine renewable energy." Each year, Solar Energy ...

Philippines approves grid connection for 3.5 GW MTerra ...

Oct 23, 2025 · The Energy Regulatory Commission of the Philippines has granted grid connection approval for the 3.5 GW MTerra Solar project. The approval allows the development of a ...

3.5 GW! Grid Connection Approved for Largest Solar-Plus-Storage Project

Oct 21, 2025 · Recently, the highly anticipated MTerra Solar project, the largest solar-storage initiative in the Philippines, secured grid connection approval from the Energy Regulatory ...

Huawei to provide 4.5GWh BESS for Philippines Terra Solar project

Dec 10, 2024 · Philippines president Ferdinand Marcos Jr at the project's groundbreaking, 21 November. Image: Presidential Communications Office of the Philippines. China ...

ERC approves grid connection for Philippines' largest solar-storage project

Oct 15, 2025 · The Energy Regulatory Commission (ERC) of the Philippines has approved Terra Solar Philippines Inc. (TSPI)'s application to develop and own dedicated transmission facilities ...

250 MW/1,000 MWh Oneida Energy Storage Project

May 7, 2025 · The Oneida Energy Storage facility enhances Ontario's energy grid, which is already more than 90% clean, adding critical capacity and reliability to support the province's ...

Philippines considers energy storage ...

Nov 29, 2022 · Grid-scale battery storage project in the Philippines. Image: Wartsila. The Philippines Department of Energy (DOE) and regulators are ...

GEDI Signs EPC Contract for Grid-Connected Energy

Dec 27, 2024 · China Energy Engineering Group Guangdong Electric Power Design Institute Co., Ltd. (GEDI) recently signed an EPC contract for the expansion of the 16 MW/19 MWh Magat ...

Philippines' largest electricity supplier

Jul 23, 2018 · A 48MW grid-scale battery project looks to be under development at an unnamed location in the Philippines, local news outlets have reported.

GEDI Signs EPC Contract for Grid-Connected Energy

Dec 27, 2024 · A 16 MW/19 MWh energy storage facility, complemented by relevant control systems and high-voltage equipment, will be added to the 24 MW phase I project, which is ...

The largest independent energy storage power station

KASHGAR, China, July 24, 2025 /PRNewswire/ -- On July 21, the 500,000-kilowatt independent energy storage project of Huadian, located in Akkash Township, Kashgar City, was ...
