

Middle East Energy Storage Power Station Procurement

Overview

How much is Saudi Arabia's energy storage system project worth?

The engineering, procurement and construction (EPC) contracts for the three energy storage system projects recently awarded in Saudi Arabia are estimated to be worth over \$800m.

Who are the major energy companies in the Middle East?

It includes big names from the Middle East region and overseas, such as Dubai-headquartered Masdar and Saudi Arabia's ACWA Power, France's EDF and TotalEnergies, and major players in renewable energy and battery storage from China, South Korea, and Japan, among others.

Will Saudi Arabia be able to deploy battery energy storage systems by 2030?

According to Saudi Energy Minister Prince Abdulaziz bin Salman, the nation has set a goal of deploying 48GWh of battery energy storage systems by 2030. This ambitious target not only supports Saudi Arabia's energy transition but also injects fresh momentum into the global renewable energy and energy storage markets.

Who is Saudi power procurement Company (SPPC)?

Saudi Power Procurement Company (SPPC), licensed as the sole buyer of electrical energy and capacity from sources within the Kingdom, made the announcement on Monday (4 November). SPPC is soliciting bids for the development of four battery energy storage system (BESS) projects, each with 500MW output and 2,000MWh storage capacity.
