

# Naypyidaw Solar Panel solar

## Overview

---

How many solar power plants are there in Myanmar?

Solar power system in operation. A total of 11 solar power plant projects are currently under construction and development across Myanmar, with an installed capacity of 1,026 megawatts, according to the Electricity and Energy Development Commission.

How many solar projects are being built in Mandalay?

Among these, four projects are being built in the Union Territory of Nay Pyi Taw, three in Mandalay Region, one in Bago Region, and one in Shan State, collectively contributing 530 megawatts. Hybrid (Gas Engine + Solar) projects are underway in Mandalay Region and Magway Region, with a combined installed capacity of 496 megawatts.

Will Chinese companies build solar power plants in Myanmar?

Already some Chinese companies are building solar power plants in Myanmar, and the regime has said it hopes to implement them as soon as possible. Junta boss Min Aung Hlaing, during a visit to China's Kunming last year, invited Chinese businesspeople to invest in Myanmar's electricity sector.

Will Myanmar's junta switch to solar power?

Myanmar's junta is seeking help from its neighbors to switch to solar energy as its self-inflicted energy crisis worsens. Electricity Minister Nyan Tun on Thursday said China will help fund four solar power projects, and the regime has also sought India's help electrifying some government offices with solar power.
